## Fulfillment Services

Complete your sales cycle by having us manage the goods before delivering them. AnswerNet offers a one-stop fulfillment solution with customer service, warehousing, processing and reverse logistics.

AnswerNet, through our fulfillment partner, offers flexible and cost-effective fulfillment programs including services such as:

- Warehousing
- Product Assembly
- Kitting
- Packaging
- Labeling
- Just-in-time Distribution
- Reverse Logistics

Our facility is large enough to provide excellent economical storage capacity yet small enough to manage and ship your items. Once your product arrives at our warehouse, it can be ready for shipment to your customers within 24 hours.

AnswerNet is a seasoned fulfillment provider, offering over 10 years of experience in the warehouse and distribution service industry. We have extensive experience with e-commerce/ catalog programs with seasonal items and multiple SKUs. You can count on us to for quick startup and turnaround times on accounts of any size.

Do you need someone to handle your overstock, discontinued and returned merchandise? AnswerNet delivers! We will manage the sale of overstock, discontinued and ready-for-resale inventory received. That includes all phases of the auction process including payment processing, customer service and marketing.

You can combine fulfillment services with our suite of call center services for an integrated order processing, customer care, fulfillment and returns processing solution.

Our turnkey packages will help you focus on driving sales and product development. Your customer's needs - from the initial product inquiry right through delivery and returns management process - are professionally and efficiently handled by AnswerNet agents.
