Third-Party Verification

All your third-party needs and more –
from one provider.

The perfect solution
for every channel...

Features:

- Real-time reporting
- Self-service portal
- Advanced fraud protection
- Comprehensive redundancy program
- Cloud storage with enhanced security

LIVE AGENT

Get personalized, reliable verification with an objective 3rd party. Our dedicated team is highly experienced in managing the entire TPV process... from start to finish.

DIGITAL

Our solutions include VoIP phone # ID, geolocation, documentation storage, customizable reports, and more.

IVR

Automated options require less staffing & allow callers to easily respond. The system reads out verification questions, to which callers respond with a simple "yes or no."

FOCUS Portal

The AnswerNet TPV FOCUS Portal helps your teams improve enrollment quality and enhance the customer experience.

- **EZTPV Mobile App**
Streamlines the TPV process for agents & customers
- **Customer Experience Surveys**
Provide valuable feedback and insight
- **Client Management Dashboard**
Detailed views of sales activity, contracts, reports & business rules
- **Fraud Protection Alerts:**
Broad selection of notifications to protect your data & privacy
