We provide a seamless, end-to-end location integrity solution that eliminates the risk of location spoofing through:

- **Real-Time GPS Tracking:** Verifiable data ensures that each sales entry reflects the actual location of your agents.
- **Enhanced Prevention of Spoofing:** Our platform secures location data, preventing agents from altering GPS information before submission.
- **Regulation of VPN/IP Addresses:** Define parameters for when an agent can use a VPN and whitelist/block specific IP Addresses.
- **Geofencing Capabilities:** Set predefined territories to ensure agents only submit sales within their assigned zones.
- **Audit Trails:** All submissions are logged with detailed, time-stamped location data for full visibility.
