

Contact Center Services for the Agriculture Industry

Experienced, customized agent support.

Services for the people who feed the world.

The AnswerNet Agriculture Call Center Division is solely dedicated to providing first-rate contact center services and customer support to the agriculture industry. Our team is specially trained to stay current on the latest agricultural technologies, seasonal shifts, and market trends so we can clearly and effectively communicate with your customers.

24/7/365 coverage

You can rely on us around the clock to answer your customers' calls, including during peak times, after hours and in emergencies.

Experienced, friendly agents

As an extension of your business, our teams undergo rigorous training so they can speak your language to your customers.

Quality assurance you can trust

Our quality assurance teams and software ensure that standards are met and/or exceeded at all times. Calls are continually monitored and experienced agents maintain the highest standard of customer service.

Flexible, cost-effective options

Outsourcing gives you room to cut in-house staffing costs, reducing the need for technology investments.

Flexible programs allow for quick ramp-up and adaption to last-minute modifications or scaling.
